

RFP # 17-058P
DESIGN - BUILD FREESTANDING STEEL BRIDGE CRANE
AND RELATED SERVICES
ADDENDUM No. 5
July 11, 2017

Clarifications:

1. The minimum required height from finish floor to the center line of the clevis pin is 14 feet.
2. Suppliers to submit a preliminary engineering drawing of the proposed bridge crane showing span, length of runway, lifting height and dimensions, etc.

Questions:

1. **Question:** The specifications require one of 3 suppliers for the system. Is it acceptable to quote a custom design system to better meet the maximum lift?

Response: Yes

All other Proposal terms and conditions originally issued remain unchanged.

REMINDER: Make sure you mark "Addendum No. 5" on Attachment "1" Acknowledgement of Addendum and remember to sign and return Acknowledgement Addendum form with your submittal package. Failure to do so may result in the disqualification of your proposal submittal.

The RFP is revised to the extent specifically amended by this Addendum #5. Otherwise, all provisions of the RFP remain in effect.
