RE: Central Avenue Bus Rapid Transit Project

Dear Brad:

On behalf of the St. Petersburg Innovation District, I would like to share our support for the Central Avenue Bus Rapid Transit (BRT) Project.

Robust public transportation is a critical component of our vision for a vibrant community. The BRT will provide students and employees in the Innovation District and members of the surrounding neighborhoods with an affordable and accessible transportation option. We expect it will expand opportunities throughout the city for jobs and recreation.

We appreciate the efforts by PSTA, the City of St. Petersburg, and others on this project. We look forward to this and future enhancements to transportation in the city and Tampa Bay region.

Sincerely,

A handwritten signature in black ink, appearing to read "Alison Barlow", written in a cursive style.
