BUILDING AMERICA'S ZERO EMISSIONS FUTURE

Electrify Your Fleet

Our new battery electric offering joins GILLIG's industry-leading Low Floor bus platform to bring the most comprehensive, advanced battery electric bus to the market. GILLIG's Zero-Emission Battery Electric bus incorporates the Cummins electrified powertrain, which provides the advantage of full local service support with hundreds of service centers throughout the country to provide the necessary training, warranty administration, and after-market parts. Designed, built, and supported right here in the United States.

Specifications:

- Low Floor Battery Electric with Contoured-style Roof Fairings
- Cummins EV Drivetrain: Traction Motor and Inverter, High and Low Voltage Power Supplies, Modular Energy Storage System, Charge Controller
- Meritor 79000 Series Rear Axle
- Air Disc Brakes
- Standard Transit Size Tires
- Acceleration/Handling similar to conventional power train options
- Plug-in Charging – SAE J1772 DC CCS Type 1
- Thermo King Electric HVAC with Integrated Thermal Management System
- 24V DC Power Steering Pump
- Fuel-fired Coolant Heater Option for Cold Weather Operation

Cummins Electrified Powertrain

COMPONENT LOCATIONS:

1. Roof-mounted Energy Storage System (ESS), up to 3 battery packs
2. Electronics Cooling Package (ECP)
3. Thermo-King HVAC with integrated Battery Thermal Management System
4. Air Compressor
5. Optional roof-mounted charge rails
6. Two battery packs mounted in the power train compartment directly above the frame rails
7. Power train component assembly consisting of: High-Voltage DC junction box with disconnect switch, two DC-DC convertors, and System Control Unit (SCU)
8. Standard Plug-in-charge location, rear curbside (optional additional locations available)
9. Battery pack forward of rear axle

Rear panels not shown for clarity. Specifications and features are for reference only and subject to change without notice or obligation.

**MINUTES OF A SPECIAL MEETING
OF THE MANAGERS OF
HCC MANAGER LLC**

A special meeting of the managers of **HCC MANAGER LLC**, an Illinois limited liability company (the “Company”), was held at 222 N. LaSalle Street, Chicago, IL 60601, on December 15, 2020. All of the Company’s managers, namely A. Steven Crown, James S. Crown and William H. Crown, and the Company’s Secretary, David M. Rubin, were present either in person or by phone. William H. Crown acted as Chairman of the meeting and David M. Rubin acted as Secretary of the meeting.

The Chairman stated that the purpose of the meeting was to acknowledge the retirement of Joseph Policarpio and the appointment of William Fay, Jr. as officers of Gillig LLC, a California limited liability company (the “LLC”), in the Company's capacity as Manager of the LLC. Upon motion duly made, seconded and unanimously carried, the following resolutions were adopted:

RESOLVED, that, effective as of January 1, 2021, WILLIAM FAY, JR. shall be elected to serve as the LLC’s Vice President – Sales until such further action by the Company.

FURTHER RESOLVED, that, effective as of January 6, 2021, and resulting from his retirement, JOSEPH POLICARPIO, shall be removed as the LLC’s Vice President – Sales and Marketing.

FURTHER RESOLVED, that for sake of clarity, subsequent to the actions as hereinabove set forth, the officers of the LLC will be as set forth below:

DEREK MAUNUS	President and Chief Executive Officer
MICHAEL S. CANMANN	Vice President and Assistant Secretary
CHRISTOPHER TURNER	Executive Vice President – Operations
BRIAN SHEPHERD	Vice President – Finance and Chief Financial Officer
MARLA LOAR	Vice President – Human Resources
CHARLES E. O'BRIEN	Vice President – Aftermarket Parts
WILLIAM FAY, JR.	Vice President – Sales
GREG VISMARA	Vice President – Engineering
DAVID M. RUBIN	Vice President, General Counsel and Secretary
MAUREEN FLYNN	Vice President, Controller, Treasurer and Assistant Secretary
AMY BLUMENTHAL	Assistant Secretary
BRIAN B. GILBERT	Assistant Secretary

FURTHER RESOLVED, that the above named officers be, and are hereby, authorized to execute any and all instruments for and on behalf of the LLC which are required in the usual and ordinary conduct of the business, including, but not limited to, Bid Documents, Sales Contracts, Purchase Contracts, Lease Purchase Agreements, assignments to such Lease Purchase

Agreements, together with any documents which may be or become necessary to support such transactions of Gillig.

Upon motion duly made, seconded and unanimously carried, the meeting was adjourned.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "David M. Rubin".

David M. Rubin
Secretary of the Meeting
4850-8412-6420, v. 2

Have you been terminated or defaulted, in the past five years, on any Contract you were awarded? ☐ Yes ☒ No If yes, then attach as SCHEDULE THREE the full particulars regarding each occurrence. 10. Attach as SCHEDULE FOUR Proposer's last three (3) financial statements prepared in accordance with generally accepted accounting principles of the jurisdiction in which the Proposer is located, and audited by an independent certified public accountant; or a statement from the Proposer regarding how financial information may be reviewed by the Agency (This may require execution of an acceptable nondisclosure agreement between the Agency and the Proposer.) 11. Attach as SCHEDULE FIVE a list of all principal Subcontractors and the percentage and character of Work (Contract amount) that each will perform on this Contract. 12. If the Contractor or Subcontractor is a joint venture, submit PRE-AWARD EVALUATION DATA forms for each member of the joint venture.
The above information is confidential and will not be divulged to any unauthorized personnel.
The undersigned certifies to the accuracy of all information: Name and title: WILLIAM F. FAY JR., VICE PRESIDENT, SALES Company: GILLIG LLC  Authorized signature _____ Date September 17, 2021

* GILLIG LLC - 2008 TO DATE
GILLIG CORPORATION - 1978-2008
GILLIG BROS. - 1890-1978

- GILLIG is a **100% U.S. owned and operated** manufacturing company.
- GILLIG was founded over 130 years ago (in 1890) in San Francisco, California, and is now located 40 miles southeast of San Francisco in Livermore, California. In the 1930's we moved to Hayward and were located there until the move to our current state of the art manufacturing plant in 2017, located at the following address:

GILLIG LLC
451 Discovery Drive, Livermore, CA 94551
Phone: 800-735-1500
Email: sales@gillig.com
Web Site: www.gillig.com

- The Manufacturing plant and entire office staff (Executive, Sales, Purchasing, Engineering, Service/Warranty and Finance) are located at this one (1) location only on 41 acres. We do not sub-contract the manufacture of our vehicles.
- **We manufacture all of our vehicles at this one (1) location on the same production line**, using the same qualified, experienced staff -- this includes our DIESEL LOW FLOOR transit bus, CNG LOW FLOOR transit bus, HYBRID LOW FLOOR transit bus, ZERO EMISSION BATTERY ELECTRIC transit bus, and BRT (Bus Rapid Transit) custom model buses. Vehicles Manufactured are Low Floor 29 foot, 35 foot and 40 foot by 102 inch heavy duty transit models.
- We employ over 850 qualified and experienced employees, and the factory operates 12 months of the year to manufacture our vehicles on time to meet promised delivery dates, and to provide Service and Support to our customers.
- Additional information can be provided on request.

New State-of-the-Art Manufacturing Plant

PRE-AWARD EVALUATION DATA - CONTINUED

- **GILLIG is a 100% U. S. owned and operated manufacturing company.**
We are located 40 miles southeast of San Francisco in Livermore, California. GILLIG is now located at our new state-of-the-art production facility.

GILLIG LLC
451 Discovery Drive, Livermore, CA 94551
PHONE: 800-735-1500
FAX: 510-785-6819

- GILLIG is the manufacturer of the heavy-duty **ZERO EMISSION ELECTRIC LOW FLOOR model buses in 35 foot and 40 foot lengths proposed for this procurement.** We also manufacture LOW FLOOR heavy-duty transit buses in 29 foot, 35 foot and 40 foot lengths by 102 inch widths in CNG, DIESEL, HYBRID/ELECTRIC, and BRT model vehicles on the same production line with the same qualified, trained, and experienced employees.
- GILLIG LLC is a Limited Liability Company – a California company, located at one (1) location only. We build the entire transit vehicle at this one(1) location.

9. **SCHEDULE THREE** NOT APPLICABLE.

10. **SCHEDULE FOUR** FINANCIAL INFORMATION is provided in section 2 following. If required, GILLIG can discuss our "CONFIDENTIAL" Financial Statement during a separate financial meeting. Please advise if this will be required.

11. **SCHEDULE FIVE** GILLIG does not subcontract the manufacture of our transit buses. We manufacture the entire vehicle at one (1) location only.

12. **PRE-AWARD EVALUATION DATA FOR EACH JOINT VENTURE** NOT APPLICABLE

PRE-AWARD EVALUATION DATA - CONTINUED

ADDITIONAL INFORMATION REQUESTED

Judgments & Liens

GILLIG is involved in various legal actions arising in the normal course of business as both plaintiff and defendant. Outside auditors have confirmed that the outcome of these actions either individually or in aggregate will not have any adverse financial impact, and no prior judgments or liens have been significant to require financial disclosure.

Fleet Defects History

GILLIG has experienced a minor number of vendor fleet defects which have been addressed and resolved by Gillig and its vendors. There have been no major fleet defects contributed to a grounded fleet.

Warranty Claims

Warranty claims are handled by our Field Service Department. We have dedicated warranty claims specialists, and a complete Customer Care Department. The GILLIG Field Service Department and Aftermarket Parts Sales Representatives are available to assist the agency during scheduled visits.

Successful Battery Electric Bus Launch

Over the past 20 years, GILLIG has manufactured 3,500 electrified drivetrain buses leading up to our current generation of BEB offerings. In 2017, GILLIG partnered with Cummins to announce the next generation of battery electric buses. GILLIG commenced production of the current generation of Battery Electric buses in September 2020. As of September 18, 2021, GILLIG has delivered 95 of the current generation of Battery Electric Buses. Current Battery Electric bus production starts are set at 3 per week and GILLIG anticipates delivering 150+ Battery Electric Buses in 2021. The excitement about the GILLIG Battery Electric Low Floor has resulted in over 64 unique customer orders to over the last 15 months.

MEMORANDUM FOR RECORD

To Whom It May Concern;

Date: March 2, 2021

Letter of Reference for Gillig LLC

I have been working in various positions in the public transit industry for the last 25 years. I started as a bus mechanic, then, worked as a back –up driver, in Operations, Maintenance Management and Administration. I have been the Director of Athens-Clarke County Transit department since October of 2001.

Over the years, I have either worked on, driven, or helped facilitate the purchase more than 300+ Gillig buses. The various 30, 35, and 40-foot standard and low-floor heavy-duty transit buses, with diesel, hybrid, and/or electric propulsion systems have been reliable vehicles for this system, as well as many other transit systems across this county. Gillig's customer services from product order, through production and delivery, to their after the sale, replacement parts and repair programs, their staff and services have always been exemplary.

I believe that Gillig builds the best heavy-duty transit buses in the industry. From their sales staff, the engineers, the workers on the assembly line, to the parts department folks, they all are reliable partners to our organization and they stand behind their products as a company and as a member of the team.

I would highly recommend Gillig LLC, their staff and their products to any system in the industry.

Thank you,

Butch McDuffie
Director,
Athens-Clarke County Transit Department
Athens, GA 30601

Mr. Joe Policarpio
Vice President of Sales and Marketing
GILLIG LLC
451 Discovery Drive
Livermore, CA 94551

Dear Mr. Policarpio,

Big Blue Bus (BBB) would like to thank GILLIG for helping us provide safe and reliable buses that represent the latest in bus technology and clean fuel sources. Since 2012, you have helped us maintain the highest quality fleet and become the first transit agency in Southern California to purchase buses with near-zero compressed natural gas (CNG) engines. With GILLIG, BBB crossed a historic threshold in August 2019: the in-service deployment of our first zero-emission battery-electric bus, which is performing beautifully.

Our GILLIG battery-electric bus has exceeded our expectations and those of our customers. It performs as well as our other 124 GILLIG buses. Your cutting-edge bus uses state-of-the-art battery-electric technology, design features, and power capabilities while offering an unparalleled quiet and smooth ride. Because of the incredible reliability and serviceability of our in-service GILLIG battery-electric bus, BBB will be deploying 18 additional GILLIG zero-emission battery-electric buses by 2021.

Our GILLIG battery-electric bus deployment also marks a significant step toward preserving our environment and protecting our communities as we complete the transition to a zero-emissions fleet by 2030. We can't think of a better partner to provide safe, reliable, and efficient transportation services that improve and enhance our community's quality of life. We look forward to a long, mutually beneficial partnership with GILLIG.

Sincerely,

Getty Modica
Transit Maintenance Manager

September 14, 2020

Mr. Joe Policarpio
Vice President of Sales and Marketing
GILLIG LLC
451 Discovery Drive
Livermore, CA 94551

Dear Mr. Policarpio,

We couldn't be prouder to partner with GILLIG on 2 FTA Lo or No Emission Grant programs as we invest in creating an innovative and smart transportation system through our in-service GILLIG zero-emission battery-electric bus.

For almost 20 years, GILLIG has provided Tucson with the most reliable buses—diesel-electric hybrid, near-zero emission compressed natural gas, and clean-diesel—all designed on the proven GILLIG Low Floor platform to maximize fleet commonality.

In April 2020, our first zero-emission electric bus from GILLIG hit the streets, and we couldn't be more impressed with its performance. Our bus performs as well as our current GILLIG fleet and now confirms our perception that GILLIG is providing the safest, highest quality, most reliable, and best-supported battery-electric bus on the market. With its advanced technology, our GILLIG electric bus also provides a quieter and more comfortable ride for our passengers. Sun Tran looks forward to receiving our 10 additional GILLIG electric buses as we build a more sustainable community and cleaner air.

Thank you for providing market-leading, dependable solutions as we begin our zero-emissions journey, electrifying our city's vehicle and transit fleet. With the help of GILLIG buses, Sun Tran is an industry leader in safe, reliable, and sustainable transportation solutions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kevin Faulkner", written in a cursive style.

Gillig L.L.C.
451 Discovery Drive
Livermore, CA 94511

Dear Mr. Policarpio,

I would like to express my eagerness on taking this momentous step towards the electrification of mass transit with Gillig. There is absolutely no other manufacturer that I would prefer to partner with on such an important endeavor. Your dependable product and outstanding customer support are the cornerstones of the strong relationship that has continued over the years between the City and County of Honolulu, Oahu Transit Services, Inc. and your Corporation.

Currently, the City and County of Honolulu operates a fleet of 367 Gillig buses. The durability and dependability of your buses are evident in our oldest fleet aged at 23 years and in our most utilized fleet having traveled over 1,000,000 miles. Impressionably, we consistently witness your revolutionary advancements with improved fuel economy and lowered operational cost. Reinforcing our reasons why we have confidence in your new electric bus. We know that it will be reliable, well-engineered and environmentally beneficial.

The only factor that surpasses your amazing product is the outstanding customer support that we consistently receive. It is obvious from working with your staff throughout the company, how strongly Gillig is dedicated to their clients and how much they believe in their product. Everyone on staff has proven to be extremely knowledgeable, courteous, and always willing to go the extra mile.

Mr. Joe Policarpio
June 23, 2020
Page 2

As we anxiously wait for the arrival of our first electric bus, we are anticipating that it will to be a success. I am confident that these buses will provide reliable and efficient public transportation for the people of Honolulu for many years to come. I foresee a promising future with a continued partnership between the City and County of Honolulu and Gillig.

Sincerely,

Karen Winger AICP CCTM, Transit Division Director
Gwinnett County Department of Transportation
770.822.7422
Karen.winger@gwinnettcountry.com

To Whom It May Concern,

This letter is for the recommendation of GILLIG bus manufacture. Gwinnett County purchased the first set of 28 forty-foot long local buses in 2015 as part of the Athens-Clarke County bus consortium. We have since purchased an additional 10 buses with GILLIG through this same contract, receiving our final 3 buses as recently as June of 2020.

Since our first bus arrived, GILLIG has always been prompt, professional and courteous at every step of the process. Whether it be from the presale to finalizing the order, all the way to delivery of our brand new bus, GILLIG has always been responsive to our needs and concerns, in addition to being quick to rectify any issues.

When it comes to sales and service, not only is the GILLIG product a quality and dependable product in the best of times but it is also a product that can come through when need them the most. During the height of the COVID-19 pandemic, GILLIG was able to ship us operator barriers for our entire fleet in less than a month of request.

I am happy to recommend GILLIG to anybody who is looking for a quality bus product.

Mr. Jim Ryan
Regional Sales Manager
Gillig Sales
GILLIG LLC
25800 Clawiter Road
Hayward, CA 94545

Dear Mr. Ryan,

I'm writing today to thank you and the Gillig team for your continued partnership and service in providing vehicles for the Indianapolis Public Transportation Corporation (IndyGo).

IndyGo currently operates a fleet of 172 Gillig buses. The Gillig team recently provided exceptional service by working with IndyGo to expedite an order of thirteen additional buses to assist with the future implementation of system changes. Gillig's dedication to customer service is evident, and felt even more so as we navigate a new environment for both businesses and transit agencies. We are proud to have partnered with Gillig for over twenty-five years.

Our Operators and riders know they can rely on Gillig's vehicles to transport them around the city. In a time when most travel is for essential trips, we know how important it is to have vehicles we can count on. The Gillig team continues to provide excellent customer service and high-quality products to our agency. We look forward to our continued partnership.

I would be happy to recommend Gillig's products and services to prospective customers.

Sincerely,

Mr. Jim Ryan
Regional Sales Manager
GILLIG LLC
451 Discovery Drive
Livermore, CA 94551

Dear Mr. Ryan;

For more than 30 years, the METRO Regional Transit Authority has been doing business with GILLIG. I have personally had the pleasure of being able to use GILLIG vehicles at all three transit properties with whom I have been associated. From the time, I was a bus operator in Akron, Ohio to overseeing the maintenance department in Nashville to managing Knoxville's transit system in Tennessee one bus company has remained the focal point of these transit systems, GILLIG.

GILLIG has an outstanding product they stand behind and a customer service driven mission that is the best in the industry. From the day the bus comes off the production line to the day the bus runs its final mile into retirement, GILLIG provides superior quality, training, service, and support to this organization. Their business model shows their passion, integrity, and quality for their customers. You are truly never alone when you have made the commitment to purchase GILLIG vehicles. You become part of the family. They seek out your input into future ideas and projects while advancing the bus technology that makes their buses the ones operators want to drive, passengers want to ride, and organizations want to buy.

Top this all off with the amazing dedication and assistance my organizations have always received from you as our sales representative and you have what I consider to be the best of the best. It is with great pleasure that I provide this letter of recommendation to perspective customers of the GILLIG Corporation.

Yours in accessible transportation,

Mr. Jim Ryan
Regional Sales Manager
Gillig LLC
451 Discovery Drive
Livermore, CA 94551

Dear Mr. Ryan,

I have had the pleasure in working with Gillig for almost 10 years. SORTA/Metro as an organization has participated with Gillig in over 10 builds, totaling over 550 buses in recent decades for heavy duty transit coaches.

In my experience, Gillig has been paramount in build quality and customer service. From the preproduction meeting, to support years after the coach is in service, right down to replacement parts, Gillig has always focused on being customer-driven and has supported SORTA as an organization through the entire time we have been partners. SORTA has had other bus manufacturers in recent years, and I will personally say that Gillig well exceeds rival manufacturers in regards to customer service, support, and quality.

Within the past year, Gillig sent a team of engineers and production managers to our facility to inspect older buses that we still had in service well past their 12 year useful life. We took them out to see some of our 2004 Phantoms we still had in service at the time. The purpose of this visit was to investigate how the buses held up over time in our climate, and how that information will help them in future designs and builds. This process demonstrates Gillig's attention to detail and commitment to building a product to last well past the FTA useful life expectancy.

Our relationship with Gillig will extend well into the future of our organization, as we have recently started yet another 5 year contract for the purchase of 40' heavy duty transit buses. I am looking forward to our future endeavors as a partnership and would be pleased to recommend Gillig to any future potential customers.

Sincerely,

Jeff Mundstock

Dear Mr. Ryan:

On behalf of the Kanawha Valley Regional Transportation Authority (KVRTA), I would like to take this opportunity to thank you and the entire Gillig team for the excellent service, support and buses that have been afforded to KVRTA over the past seventeen years. Our entire organization feel that the Gillig buses are the finest buses that we have ever operated at KVRTA. During my thirty-eight-year career in public transit, the relationship established with you, David Clawson and others at Gillig has been unmatched, and makes my life as Executive Director of the Authority much easier knowing I don't have to worry about our Gillig fleet.

KVRTA appreciates the fact that Gillig and its employees pride themselves on being a customer-driven organization and has always exceeded our expectations. The assistance that you, David, and others at Gillig provide not only KVRTA, but all the transit systems in West Virginia is truly unparalleled. Keeping us updated on industry trends, technological advancements and changes in the industry further demonstrates Gillig's dedication to meeting its customer needs as well as the needs of others.

Industrywide, Gillig is highly respected and undoubtedly is a leader in the bus manufacturing field and is known for producing quality vehicles. Our operators, maintenance staff and passengers all reap the benefits by KVRTA purchasing quality products from Gillig.

It has been a pleasure to work with you, David and the entire Gillig team over the years. I am more than willing to recommend Gillig to any of your prospective customers.

Sincerely,

J. Douglas Hartley
Executive Director

Cc: David Clawson

Mr. Jim Ryan
Regional Sales Manager
Gillig LLC
451 Discovery Drive
Livermore, CA 94551

Dear Mr. Ryan,

I have had the pleasure of doing business with Gillig for over 30 year. During this time, I have found Gillig and its employees to be a customer-driven organization that has provided the highest levels of customer support. Gillig employees are dedicated and knowledgeable about their products, whether it is the coaches they produce or parts they provide to maintain the coaches.

Part of the success Gillig and WRTA have had is the continued support that is provided from the day a purchase order is issued until the day the coach is retired from service. The whole procurement and production process are well thought out and completed in a very effective manner. Gillig's coach manufacturing facility is one of the best examples in how to build a heavy-duty transit coach.

We appreciate the input Gillig seeks from WRTA and others in the transit industry as they continually make advancements in the design of the coach to provide a better product each year to meet the needs of its customers.

It is always a pleasure to work with you and your team. I would highly recommend Gillig to any of your prospective customers.

Sincerely,

Mr. Joseph Policarpio, Vice President
Sales & Marketing
GILLIG, LLC
451 Discovery Drive
Livermore, CA 94551

Dear Mr. Policarpio:

The Capital District Transportation Authority (CDTA) is in the final year of our third five-year contract with Gillig for the purchase of transit vehicles.

Gillig consistently delivers a quality product, on time and according to our specifications. The Gillig staff are professional, attentive, and top-notch representatives of your company. We know that buses will be delivered in accordance with the contract requirements, and any issues which are usually few and minor in nature, are attended to in a timely manner.

We appreciate Gillig's ability to stay at the forefront of the latest developments in transit technology and the fact that these developments are consistently communicated to us. Jerry Sheehan has been our principal contact for close to 15 years, and we appreciate his efforts on our behalf.

ERIE METROPOLITAN TRANSIT AUTHORITY

127 East 14th Street
Erie, Pennsylvania 16503

May 21st 2020

Mr. Jerry Sheehan
Regional Sales Manager
GILLIG LLC
451 Discovery Drive
Livermore, CA 94551

Mr. Jerry Sheehan:

The Erie Metropolitan Transit Authority has maintained a multi-decade strong relationship with Gillig as a result of outstanding customer service, performance reliability and toughness.

If anyone knows anything about Erie, Pennsylvania is that Erie is annually in competition for snow capitol U.S.A. Despite the toughest of blizzards that have at times dropped five, six, and even seven feet of snow over a period of a few days, EMTA has been able to and will continue to rely on our fleet of Gillig buses. The Gillig bus has performed superbly under the harshest of conditions over the decades. As a result, Erie has gained a reputation as the Authority within our Commonwealth to 'never shutdown' operations despite our notorious Erie winter weather.

The Erie Metropolitan Transit Authority highly values our relationship with Gillig as we continue to expand and outfit our fleet with Gillig buses. I highly recommend the Gillig team and product to any Authority in search of reliability, performance and great service.

Sincerely,

Jeremy Peterson
CEO

CITY OF GAINESVILLE

Regional Transit System

Joe Policarpio
Vice President, Sales & Marketing
GILLIG LLC
451 Discovery Drive
Livermore, CA 94551

Dear Mr. Policarpio:

I would like to express my most sincere appreciation to you and your staff for the outstanding service to the City of Gainesville Regional Transit System (RTS). I am impressed not only by the level of quality service, but also the consistency of that quality year after year. For over 20 years, RTS has done business with GILLIG because we trust the vehicles, the parts and the people who help make our operation a success.

I want also to commend your staff for the training, technical, and warranty support that has allowed our team to place a good product and service on the road. The Sales and Parts staff has been extremely responsive to our demands and needs.

It is through Gillig's performance and reliability that RTS pursued the goal to be have a 100% GILLIG fleet. Looking toward the future, GILLIG's reputation for quality vehicles and services made it easy to take the next big step and embark on a new partnership project - Electric buses. We are eager to begin our new chapter in transportation, knowing that we can trust the GILLIG brand to deliver safe, comfortable, reliable vehicles to convey our passengers.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jesus Gomez", is written over the printed name.

Jesus Gomez, Transit Director
Regional Transit System

Mr. Derek Maunus
President and CEO
Gillig LLC
451 Discovery Drive
Livermore, CA 94551

Derek,

I would like to take a moment to express my sincere appreciation to the entire Gillig organization for the many years of your unwavering support, highest degree of integrity, expertise and product quality that has been and continues to be provided to our agency.

Sun Tran is a small 14 bus agency providing fixed route transit service on seven routes in Ocala, Florida. Subsequently, it is of paramount importance that we have the most reliable and dependable buses available to serve our community and that's why we purchased and operate Gillig buses.

Twenty plus year ago when Sun Tran was determining the best manufacturer to supply our buses, there were several very important factors that need to be considered. Of primary importance to us was having the confidence and assurance to choose a manufacturer with the corporate stability, integrity, commitment, experience and financial capability to support us in a long-term partnership that will span far beyond the life of purchase. Gillig has demonstrated their ability to successfully meet and exceed those expectations and continue to do so.

It is very comforting to place an order with a manufacturer knowing the buses will be built to specification and delivered on time. The reliability of the Gillig Low-Floor bus has enabled us to

City of Ocala
Growth Management Department

201 SE 3rd Street (2nd Floor)

maintain high bus availability with minimal operating costs. The high-performance standards of the Gillig Low-Floor can be attributed to Gillig's on-going commitment to product improvement.

Gillig has consistently demonstrated that you are a world class organization and we are truly honored to be your partner.

Sincerely,

Steven Neal
Transportation Director

To whom it may concern,

The City of Albany is a long-standing customer of GILLIG. As former owners of model years 2005, 2006, 2009 to currently owning 2016 (4), 2018 (3), and 2020 (8), the customer service & support *before* and *after* delivery remains phenomenal.

I evaluate customer service delivery in both, professional and personal settings. I attest that the customer service and support statements of GILLIG are not just words written on paper; moreover, it is **action** willingly, or better yet, generously performed by dedicated GILLIG employees. Since 2015, I have been a witness to this action from not just the sales and administrative staff, but also the production team and upward to the President!

In sum, the overall performance and operational enhancements of a GILLIG bus meets the need of our organizational requirement.

Mr. Joseph Policarpio, Vice President
Gillig LLC
451 Discovery Drive
Livermore, CA 94551

Dear Mr.  Policarpio:

I want to take this opportunity to thank you and your team. I have had the pleasure of doing business with Gillig over the past twenty years. Gillig is now on their fourth five-year contract for the State of Florida.

During this time, I have found Gillig and its employees to be a customer-driven organization that exceeds our expectations. Employees are dedicated, knowledgeable, and professional whether they are dealing with new bus orders or when dealing with routine matters.

I appreciate the input sought by Gillig as they continually advance in the area of technology in an effort to meet the needs of the JTA and other industry customers.

Gillig buses are highly regarded throughout the transit industry and Gillig has a solid reputation of building a quality product. The JTA is one that has certainly benefited by purchasing those quality products from Gillig. Satisfying your customers, including delivering on your promises is exemplary.

It is a pleasure to work with you and your team. I would be pleased to recommend Gillig to any of your prospective customers.

Sincerely,

Lisa Darnall

FINANCIAL GUARANTEE

GILLIG has provided our **FINANCIAL RESPONSIBILITY** overview and **FINANCIAL REFERENCE LIST** for your information.

GILLIG confirms we have the financial resources to bid, manufacture, and deliver on schedule, the vehicles proposed for this procurement.

The proposal excludes the requirement for a Performance Bond to be provided by the successful bidder. However, GILLIG submits a reference letter from our surety showing our ability to obtain financial guarantees due to our financial ability.

GILLIG confirms we can supply the "Confidential" financial reports on request. Please contact:

WILLIAM F. FAY, JR., VICE PRESIDENT, SALES
PHONE: 800-735-1500
EMAIL: sales@gillig.com

QUALIFICATIONS

FINANCIAL RESPONSIBILITY

GILLIG's financial strength and stability is renowned in our industry, and is openly acknowledged by our competitors, our suppliers, and business experts.

CUSTOMER BENEFITS:

GILLIG's financial strength is obviously good for Gillig but it is even better for our customers because they benefit from our strength and stability. Our customers know they can count on us, through thick and thin, to support them; to be there for them, to always deliver the best quality and value, because they know we will still be in business and we have the resources to do what is needed. **We do not need to compromise or cut corners** to save a dollar because the strength of our balance sheet allows us to make the best decision for our customers. Customers also appreciate and enjoy the confidence and security our financial strengths and stability bring.

INDUSTRY FAILURES:

The last 20 years have been devastating for North American bus manufacturers, except GILLIG. **Every other bus manufacturer has failed, closed down, been sold off or forced to "refinance" in that period, some 3 or 4 times, yet GILLIG has remained intact.** Gone are Orion, MAN, Volvo, Scania, FlixBus, GM Truck & Bus, S&S, TMC, Neoplan, etc., and forced sales, closures or refinancing has happened to NABI (Crown Ikarus, Ikarus USA, American Ikarus, First Hungarian Fund, Cerberus Capt. M'ment.), New Flyer (Western Flyer, Manitoba Dev. Corp., Den Oosten, KPS, Harvest Partners), Bluebird (Luce Bros., MBO, Volvo/Henlys, bankruptcy and restructuring.) Except for GILLIG, **the average life of a bus manufacturer in North America has only been about 4 to 5 years**, yet **you** are still expected to keep those buses running for 12 to 15 years!

Most of GILLIG's current competitors have been taken over in the last few years and are now owned or controlled by investment companies, and their current CEO's have only 4 or 5 years of industry experience. Whereas GILLIG is still privately held and family owned (3rd generation Chicago family) — and has had two (2) CEO's over 42 years - partially explaining our long-term focus, our consistency, our industry commitment, our depth of experience and our ability to know what our transit customers need.

QUALIFICATIONS

IMPORTANCE OF FINANCIAL STRENGTH:

The dismal performance of other bus manufacturers, contrasted against the stunning performance of GILLIG, proves our financial responsibility and should be one of the most compelling reasons to select GILLIG — you need a partner with a solid track record, because you'll need their support for the next 15 years.

GILLIG is profitable and has been for the last 30 years. We have no external long-term debt, and sufficient assets to run our business. Our payment history is clean, just ask our suppliers "which bus OEM pays them the best" (see our vendor references). We virtually have no bonding limit and an untarnished record with our surety (see letter attached). We do not need progress payments and have more than enough cash to run our operations and successfully complete your contract.

LONG TERM VIABILITY IS CRITICAL:

When buying a 15 year product, it is always important to consider the long-term viability of the manufacturer. However, in these uncertain times, it is critical that the financial viability of the bidders is evaluated properly and weighted appropriately in the final decision. All the promised product features or quick deliveries, all the contractual terms and liquidated damages, all the warranty agreements or low prices are worth very little if the company goes bankrupt, is liquidated or forced to sell off; and as indicated above, that happens too often in our industry (about 1/year). **Bonding ability is a good gauge of financial strength and past performance.** A bidder that has trouble bonding, or has poor financials, should be considered too risky and disqualified as not responsible (or at least severely penalized in their financial evaluation).

SATISFACTION AND FINANCIAL STRENGTH:

Long term customer satisfaction is directly linked to the seller's financial strength and performance. A company in financial trouble cannot afford the time and resources to do things properly; its managers are always looking for corners to cut and its good employees are always looking elsewhere for better jobs, leaving below-average employees to build below-average products that achieve below-average customer satisfaction. Whereas a financially strong company can weather the storms, can keep the best people and can afford the little extras to guarantee customer satisfaction. **Strong companies can focus on products and customers --- weak companies have to focus on cutting corners and paying banks interest.**

SATISFACTION GUARANTEE:

GILLIG's financial responsibility, our financial stability, performance and strength are your best guarantee of long-term customer satisfaction and support.

QUALIFICATIONS

GILLIG's fiscal responsibility is unmatched in the industry: no external debt, no claims against us and an on time payment record to our suppliers that is unequalled. Our proven financial strength represents an enormous advantage to our customers, our suppliers, our owners and our employees. Below is a list of several of the industries' major suppliers along with our Bonding and Bank references that can attest to GILLIG's payment history, reliability and consistency. **We encourage you to call any of these references and ask if we are creditworthy, if we make our payments on time, if we give our suppliers proper lead time, if we refrain from making last minute changes in the specifications and if we keep our delivery requests consistent.**

Re: Gillig LLC

To Whom It May Concern:

It is our pleasure to provide you with this reference letter outlining the current surety program for Gillig LLC.

The surety for Gillig LLC is Liberty Mutual Insurance Company which is listed in the Federal Register Circular 570, rated "A" by the Best Guide. Gillig LLC has been a valued client of Liberty Mutual Insurance Company for more than forty years. The company is highly regarded in the bus manufacturing industry for its experienced personnel, excellent workmanship, and ability to complete contracts on schedule and within budget.

Liberty Mutual Insurance Company looks favorably on supporting single projects for Gillig LLC in the \$50,000,000.00 range, with an aggregate program of \$200,000,000.00. We would look favorably on supporting bonds at the request of our client; however, our support is conditioned upon completion of the underwriting process, including satisfactory review of contract documents, confirmation of financing and our ongoing review of the operational and financial capacity of Gillig LLC.

Please understand, this letter is not to be construed as an agreement to provide bonds for any particular project, but it is offered as an indication of our past experience and confidence in Gillig LLC. Any arrangement to provide final bonds is a matter between Liberty Mutual Insurance Company and Gillig LLC, and we assume no liability to third parties if we do not execute said bonds.

We highly recommend Gillig LLC to you. They are well managed, financed, and truly capable of meeting your requirements. If you have any questions in regards to this letter do not hesitate to call.

Yours truly,

KANSAS CITY SERIES OF
LOCKTON COMPANIES, LLC

Rebecca S. Leal
Assistant Vice President / Senior Surety Specialist
Surety Operations

3. INSURANCE

GILLIG confirms we maintain and pay premiums for insurance of the types and limits it deems sufficient for its protection.

Enclosed is a copy of our CERTIFICATE OF LIABILITY INSURANCE for your information. Please note our insurance company will renew this document on October 1, 2021 for one (1) year through October 1, 2022.

If we are the successful bidder for this procurement, we can provide this document and list the Contracting Entity as an additional insured.

CC Industries, Inc.

222 North LaSalle Street
Suite 1000
Chicago, IL 60601

CC Industries, Inc. is a Henry Crown Company

January 1, 2021

To Whom It May Concern:

With respect to a recent bid, attached is a certificate of insurance which shows Gillig LLC's insurance coverage.

Should you have any questions, please contact me at (312) 750-6695 or email me at jcouri@crown-chicago.com

Sincerely,

John Couri

Manager, Risk and Insurance

[illegible]

4. Form for Proposal Deviation, if applicable (without price data)

CER 5. Form for Proposal Deviation

This form shall be completed for each condition, exception, reservation or understanding (i.e., Deviation) in the Proposal according to “Conditions, Exceptions, Reservations or Understandings.” One copy without any price/cost information is to be placed in the Technical Proposal as specified in “Technical Proposal Requirements,” and a separate copy with any price/cost information placed in the Price Proposal as specified in “Price Proposal Requirements.”

PSTA

[RFP 21-980369]

Deviation No.: 1	Contractor: GILLIG	RFP section: CER 6 PRICING SCHEDULE	Page: 216
Complete description of Deviation: GILLIG wishes to advise that prices are for base bus and options shall be fixed for ONE (1) year from execution date of the contract. Prices for the base bus and options for years 2-5 shall be adjusted using the Bureau of Labor and Statistics Producer's Price Index (PPI), Category 1413 WPU Truck and Bus Bodies.			
Rationale (pros and cons): For multi-year procurements the use of the Producer Price Index, Category 1413 WPU Truck and Bus Bodies (PPI 1413), is standard practice in the transit industry to adjust the price of future orders (years 2, 3, 4, and 5), based upon the change in economic conditions from the date of contract award to the date the option order is placed. The use of the PPI 1413 avoids the need for bidders to make arbitrary inflation estimates which unnecessarily raises the option bus prices quoted, thereby increasing the total cost to the Procuring Agency. This price adjustment method allows for a mutual sharing of project risk and minimizes the bus bid price.			

CER 9. Other Certifications**CER 9.1 Proposal Form**

Proposer shall complete the following form and include it in the price Proposal.

CER 8.5 Lobbying Certification

This form is to be submitted with an offer exceeding \$100,000.

The Proposer certifies, to the best its knowledge and belief, that:	
1.	No federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of a federal department or agency, a member of the U.S. Congress, an officer or employee of the U.S. Congress, or an employee of a member of the U.S. Congress in connection with the awarding of any federal Contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification thereof.
2.	If any funds other than federal appropriated funds have been paid or will be paid to any person for making lobbying contacts to an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this federal Contract, grant, loan or cooperative agreement, the undersigned shall complete and submit Standard Form LLL, "Disclosure Form to Report Lobbying," in accordance with its instruction, as amended by "Government wide Guidance for New Restrictions on Lobbying," 61 Fed. Reg. 1413 (1/19/96).
3.	The undersigned shall require that the language of this certification be included in the award documents for all sub awards at all tiers (including subcontracts, sub grants and contracts under grants, loans and cooperative agreements) and that all sub recipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31, USC § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.
THE PROPOSER, <u>GILLIG LLC</u>, CERTIFIES OR AFFIRMS THE TRUTHFULNESS AND ACCURACY OF EACH STATEMENT OF ITS CERTIFICATION AND DISCLOSURE, IF ANY. IN ADDITION, THE PROPOSER UNDERSTANDS AND AGREES THAT THE PROVISIONS OF 31 USC §§ 3801 ET SEQ. APPLY TO THIS CERTIFICATION AND DISCLOSURE, IF ANY.

Signature	 <u>SEPTEMBER 17, 2021</u> Date

Per paragraph 2 of the included form Lobbying Certification, add Standard Form-LLL, "Disclosure Form to Report Lobbying," if applicable.

CER 8.6 Certificate of Compliance with Bus Testing Requirement

The undersigned certifies that the vehicle offered in this procurement complies and will, when delivered, comply with 49 USC § 5323(c) and FTA's implementing regulation at 49 CFR Part 665 according to the indicated one of the following three alternatives.

Mark one and only one of the three blank spaces with an "X."

1. ☒ The buses offered herewith have been tested in accordance with 49 CFR Part 665 on JUNE 2021 (date). If multiple buses are being proposed, provide additional bus testing information below or on attached sheet. The vehicles being sold should have the identical configuration and major components as the vehicle in the test report, which must be submitted with this Proposal. If the configuration or components are not identical, then the manufacturer shall provide with its Proposal a description of the change and the manufacturer's basis for concluding that it is not a major change requiring additional testing. If multiple buses are being proposed, testing data on additional buses shall be listed on the bottom of this page.
2. ☐ The manufacturer represents that the vehicle is "grandfathered" (has been used in mass transit service in the United States before October 1, 1988, and is currently being produced without a major change in configuration or components), and submits with this Proposal the name and address of the recipient of such a vehicle and the details of that vehicle's configuration and major components.
3. ☐ The vehicle is a new model and will be tested and the results will be submitted to the Agency prior to acceptance of the first bus.

The undersigned understands that misrepresenting the testing status of a vehicle acquired with federal financial assistance may subject the undersigned to civil penalties as outlined in the Department of Transportation's regulation on Program Fraud Civil Remedies, 49 CFR Part 31. In addition, the undersigned understands that FTA may suspend or debar a manufacturer under the procedures in 49 CFR Part 29.

ALTOONA TEST CERTIFICATION

This is to certify that the bus model proposed for your procurement complies with the bus testing regulations required by the Surface Transportation and Uniform Relocation Assistance Act of 1987 as defined in the Interim Final Rulemaking (IFR) by the FTA in the Federal Register 49 CFR Part 665, dated July 28, 1992 and the Final Rule in the Federal Register 49 CFR part 665, dated August 1, 2016.

This statement means that the proposed vehicle complies with one or more of the clauses below, as required by the above IFR:

- was in mass transportation service prior to September 30, 1988, or
- is the same vehicle model that has been previously tested in PTI (Altoona), and that
- any new component(s) has (have) been tested at PTI (Altoona), or
- the installation of any new component(s) did not result in significant structural modification to the vehicle; or
- the installation of the component(s) did not result in a significant change in the data obtained from previous testing of the vehicle model.
- is a new bus model or a bus produced with a major change in components or configuration and shall provide a copy of the final test report to the recipient prior to the recipient's final acceptance of the first vehicle.

Livermore, CA

Re: TVM DBE Goal Concurrence/Certification Letter – Fiscal Year 2021

Dear Mr. Turner:

This letter is to inform you that the Federal Transit Administration's (FTA) Office of Civil Rights has received Gillig, LLC's Disadvantaged Business Enterprise (DBE) goal and methodology for FY 2021 for the period of October 1, 2020–September 30, 2021. This goal submission is required by the U.S. Department of Transportation's DBE regulations at 49 CFR Part 26 and must be implemented in good faith.

We have reviewed your firm's FY 2021 DBE goal and determined that it complies with DOT's DBE regulations. Your firm is eligible to bid on FTA-funded transit contracts. This letter or a copy of the TVM listing on FTA's website may be used to demonstrate your firm's compliance with DBE requirements when bidding on federally funded vehicle procurements.

FTA reserves the right to remove/suspend this concurrence if your DBE program or FY 2021 DBE goal is not implemented in good faith. In accordance with this good faith requirement, you must submit your DBE Uniform Report to FTA by December 1, 2020. This report should reflect all FTA-funded contracting activity for the second period of FY 2020 (i.e., from April 1 to September 30).

Also note that your FY 2022 DBE goal methodology must be submitted to FTA by August 1, 2021. Any significant updates to the program plan must be submitted to FTA as they occur. If you have any questions, please contact the FTA DBE Team via email at FTATVMSubmissions@dot.gov.

Sincerely,

John Day
Program Manager
Office of Civil Rights

CER 8.8 Federal Motor Vehicle Safety Standards

The Proposer and (if selected) Contractor shall submit (1) manufacturer's FMVSS self-certification sticker information that the vehicle complies with relevant FMVSS or (2) manufacturer's certified statement that the contracted buses will not be subject to FMVSS regulations.

**DESCRIPTION AND COST
OF FINAL ASSEMBLY
FOR 35' & 40' ELECTRIC BUSES
FY 2021**

Gillig LLC certifies that final assembly of its buses occurs at its manufacturing plant in Livermore, California. The final assembly process consists of the assembly of the chassis; the installation and interconnection of the engine (traction motor, energy storage system, traction inverter), transmission, axles, including the cooling and braking systems; the installation and interconnection of the heating and air conditioning equipment; the installation of pneumatic and electrical systems; mounting of the body structure to the chassis; installation of door systems; painting of the vehicle; installation of destination signs, windows, passenger seats, passenger grab rails, and wheelchair lifts; wheel alignment, dynamometer and road testing; final inspection, repairs and preparation of the vehicles for delivery.

The cost of the above mentioned activities for this order has been estimated to be \$21,715.65 per bus.

FMVSS CERTIFICATION

FEDERAL MOTOR VEHICLE SAFETY STANDARDS CERTIFICATION

This is to certify that the GILLIG transit bus model(s) proposed, complies (comply) with all applicable Federal Motor Vehicle Safety Standard as required by the F.T.A. and the D.O.T., and described in Title 49 CFR Chapter V, part 571-FMVSS, last revised on October 1, 1998.
